REGISTRATION CERTIFICATE—IN VITRO TESTING WITH BYPRODUCT MATERIAL UNDER GENERAL LICENSE

Section 31.11 of 10 CFR 31 establishes a general license authorizing physicians, clinical laboratories, and hospitals to possess certain small quantities of byproduct material for in vitro clinical or laboratory tests not involving the internal or external administration of the byproduct material or the radiation therefrom to human beings or animals. Possession of byproduct-material under 10 CFR 31.11 is not authorized until the physician, clinical laboratory, or hospital has filed Form AEC-483 and received from the Commission a validated copy of Form AEC-483 with registration number.

INSTRUCTIONS

sit this form in triplicate to: United States Atomic Energy Commission, Washington, D.C. 20545, Attention: Director, Division of Actials Licensing. A registration number will be assigned and a validated copy of Form AEC-483 will be returned.

1. Please print or type within the shaded area, below, the name and address (including ZIP Code) of the registrant physician, clinical laboratory, or hospital for whom or for which this registration form is filed.

Riverview Hospital 35 Union Street Red Bank, N.J. 07701

REGISTRATION CERTIFICATE—IN VITRO TESTING

CONDITIONS AND LIMITATIONS OF GENERAL LICENSE 10 CFR 31.11

Section 31.11 of 10 CHS 31 entiblishes a penceral license authorizing physicians, clinical laboratories, and horgitals to posters certain authorizes of hypeduct material or the structure of the comments of the physicians of the

§ 31.11 General license for use of iodine-125 or iodine-131 for in vitro

to receive, acquire, possess, transfer or use, for any of the following stated tests, in accordance with the provisions of paragraphs (b), (c), (d), (e), and (f) of this section, the following byproduct materials in prepackaged units:

(1) Iodine-125, in units not exceeding 10 microcuries each for use in in vitro clinical or laboratory tests not involving internal or external administration of byproduct material, or the radiation therefrom, to human beings or

(2) Iodine-131, in units not exceeding 10 microcuries each for use in in vitro clinical or laboratory tests not involving internal or external administration of byproduct material, or the radiation therefrom, nto human beings or imanimals.-

(b) No person shall receive, acquire, possess, ino use or transfer byproduct material pursuant to the general license established by paragraph (a) of this section until he has filed Form AEC-483, "Registration Certificate—In Vitro Test-ing with Byproduct Material Under General License", with the Director, Division of Materials Licensing, U.S. Atomic Energy Commission, Washington, D.C. 20545, and received from the Commission a validated copy of Form AEC-483 with registration number assigned and The registrant shall furnish on Form AEC-483 the-following-information-and-such-other-information as may be required by that form:

Name and address of the registrant;
 The location of use; and

(3) A statement that the registrant has appropriate radiation measuring instruments to carry out in vitro clinical or laboratory tests

dine-125 or iodine-131 for in vitro the general license in paragraph (a) of this provisions of a specific license issued to neclinical or laboratory testing; 23 (c) Description and that such tests) will be performed to Agreement State, which authorizes manufactured to the laboratory testing; 23 (c) Description and the laboratory testing; 23 (c) Description and the laboratory testing; 24 (c) Description and the laboratory testing; 25 (c) Descrip

sesses or uses byproduct material pursuant to the general license established by paragraph (a) of this section shall comply with the following:

(1) The general licensee shall not possess at any one time, pursuant to the general license in paragraph (a) of this section, at any one location of storage or use a total amount of iodine-125 and/or iodine-131 in excess of 200 microcuries.

(2) The general licensee shall store the by product material, until used, in the original shipping container or in a container providing

equivalent radiation protection. byproduct material only for the uses authorized by paragraph (a) of this section.

(4) The general licensee shall not transfer and to the registrant possessing or using by thorized to receive it pursuant to a license product materials under the general license of the registrant possessing or using by thorized to receive it pursuant to a license product materials under the general license of the byproduct material to a person who is not authorized to receive it pursuant to a license product materials under the general license of issued by the Commission or an Agreement xi1 paragraph. (a) 10f3 this section shall report in State, nor transfer the byproduct material in any manner other than in the unopened, labeled shipping container as received from the supplier.

(d) The general licensee shall not receive, acquire, possess, or use byproduct material pursuant to paragraph (a) of this section:

(1) Except as prepackaged units which are labeled in accordance with the provisions of a specific license issued under the provisions of

¹ A State to which the Commission has transferred certain regulatory authority over radioactive material by formal agreement, pursuant to section 274 of the Atomic Energy Act of 1954, as amended.

(a). A general license is hereby issued to instruments—and in—the—handling—of—the—by—for distribution to persons generally licensed by any physiciant clinical laboratory, or hospital so product instruments—and in—the—handling—of—the—by—for distribution to persons generally licensed by any physiciant clinical laboratory, or hospital so product instruments because the handling—of—the—by—for distribution to persons generally licensed by to receive, acquire, possess, transfer or use, for (c) A person who receives reacquire; possess the following stated tests in accordance. substantially similar statement which contains the information called for in the following statement, appears on a label affixed to each prepackaged unit or appears in a leaflet or brochure which accompanies the package:

> This radioactive material may be received, acquired, This radioactive material may be received, acquired, possessed, and used only by physicians, clinical laboratories or hospitals and only for in vitro clinical or laboratory tests not involving internal or general administration of the material or the radiation therefrom to human beings or animals. Its receipt, acquisition, possession; use; and transfer are subject to the regulations and a general license of the U.S. Atomic Energy Commission or of a State with which the Commission has entered into an agreement for the the exercise of regulatory authority.
